

Damiansville Elementary School Cafeteria Worker Permission Slip

Dear Parents,

It has been a tradition at our school to have the older students help serve food and clean up in the cafeteria during the two lunch periods. This helps us serve lunch more efficiently and seems to be a good experience for the students. All students have equal opportunities to do this job. Servers usually have access to extra food or treats for their effort.

Schedules are set up on a rotating basis. The more students who sign up, the fewer times each student will be scheduled to serve. We hope that all students will consider signing up for this work.

_____ **may work** in the cafeteria on a rotating basis.

_____ **may not work** in the cafeteria on a rotating basis.
